

Pravin V. Shinde

Dear Esteemed Members, This is my last communication to you as President of this esteemed Association. First of all, I would like to thank all past presidents, seniors and office bearers for their constant support and guidance during my tenure without which I would have not be able to cope up with all the responsibilities and carry out my job with utmost enthusiasm and excitement as President. There is a great sense of satisfaction and fulfillment as I introspect my year as President of GSTPAM. Many milestones have been achieved and there is a burning desire to serve our noble profession with more enthusiasm. The experience during the year was personally very exciting, with many goals and landmarks being achieved. Our efforts and positive results were testimony to our commitment and passion for service to our entire association all round Maharashtra and our nation at large. Key Achievements for the month of July 2024.
