

Mayur R. Parekh

India's official response to the Pahalgam terrorist attack on April'22, 2025, which tragically claimed life of 26 innocent civilians was swift, strategic & multifaced. Immediate diplomatic & strategic measures taken including military response by way of "Operation Sindoor". India's response was described as principled, calibrated & strategically precise balancing military strength with diplomatic restraint. The government needs to be lauded for their matured approach. As we are aware that Goods and Services Tax (GST) was introduced on July 1, 2017, as a major change in India's approach to fiscal reform to streamline and simplify India's tax system. According to the source, last year's (2024) total GST revenue collection reached Rs 21.36 lakh crore, the highest since 2017 and an 8.86% increase over the previous year's collection. This is mainly due to increase in compliance & strict action in curbing fake invoices.....
