

Oct 8th, 2025 It has come to notice that some posts are circulating incorrect information regarding changes in GST return filing from October 1, 2025. We would like to clarify the following: No Change in Auto-Population of ITC: Input Tax Credit (ITC) will continue to auto-populate from GSTR-2B to GSTR-3B without any manual intervention. The mechanism of auto-population remains unchanged due to the implementation of the Invoice Management System (IMS). GSTR-2B Generation GSTR-2B will continue to be generated automatically on the 14th of every month, without any manual intervention by taxpayers or based on the actions taken by the taxpayers. Taxpayers can take actions in IMS even after generation of GSTR-2B till filing of GSTR-3B and can regenerate GSTR-2B accordingly, if required. Credit Note .....
