

Parth Badheka

Winds of Change!! Dear Members, As President, it is a privilege to address all members every month. I have ensured that such messages report the vision, execution and future events of the Committee, along with some musings and observations. On behalf of my Committee for the year 2025-26, this message will be the last stand-alone message. The next one shall be as the outgoing President. Whereas it is easy to kick back and take it easy and let the days pass by. There will come a time to say goodbyes, there will come a time to reminisce, but it is not this month. Incidentally, this happens to be one of the most active months of the entire year, with three outstation seminars, study circle, guidance cell meetings, etc., and therefore it is important to address it like the regular month that it was. The International Residential Refresher Course in Bali, Indonesia, started with an unusual academic high. The sess.....
