1. Information Technology Act, 2000 Personal Data Bill may Relax Rules on Data Localization Part-I
Hon'ble Minister of State Rajeev Chandrasekhar assured to rework out Personal Data Bill to tackle the problems of- Crossed-border flow of data will be permitted as long as Government is able to access data Safety of data of Citizens even if it is stored in Data protection bill will go through extensive consultations with academia, legal experts. This so, because there is ample evidence that the Grievance Officers are not doing any The Government has no interest in dealing with thousands of social media grievances. For a robust internet innovation eco- system, there has to be a flow of However, we also recognize that in our national interest, there are requirements of protecting - "a digital Nagrik&rsq.....
